

Collection of Transfer Course Data Summer 2023

PURPOSE: To announce the Summer 2023 collection of transfer course enrollment data

In support of Momentum Approach efforts to increase the number of students completing gateway English and Math courses in their first year of college, a new collection began in Summer 2021 to extract transfer data for recently matriculated students.

In Summer 2023, for students who matriculated in the prior academic year, ITS will extract transfer course and grade data for 1000 and 2000 level ENGL, MATH and STAT courses. These data will be pulled by ITS over existing database links in mid-July. Institutional course enrollment and grade data for Area A courses are collected in the Academic Data Collection and will not be a part of this collection.

Documentation for this collection is available on the [Academic Data Collection](#) website. Additional details regarding the dates for this collection will be forthcoming.

For emergency, business interruption or other production down situations, immediately call the ITS Helpdesk at 706-583-2001.

For any other issues, contact [USG Customer Services](#) to submit a ticket, review [Service Level Guidelines](#) or to check [Operational Status](#) of ITS services and systems.
