Georgia*FIRST* PeopleSoft Financials Users

June 8, 2020

System Maintenance Completed for FPLAY Database

Georgia*FIRST* performed FPLAY maintenance on June 5, 2020 to apply the latest PeopleSoft Financials updates and FPLAY is now available for use.

The FPLAY environment is used by institutions for Georgia*FIRST* Marketplace training, for prototyping and testing transactions and queries, and for Banner integration testing. Users can access FPLAY by clicking the "Georgia*FIRST* FPLAY" button on bottom right of the Georgia*FIRST* homepage.

ITS recommends all users clear their Temporary Internet Files (browser cache) before logging back into the system. It is highly recommended all users clear their browser cache often, especially after an update is applied to the Production database. For more information on how to clear browser cache, click here.
